### Rates

Providers can estimate their monthly CCOF Base Funding payment by multiplying the applicable rate for their licence and service type by the number of enrolled children reported on their Monthly Enrolment Report.

#### Group Child Care Rates

#### Family Child Care

#### In-Home Multi-Age & Multi-Age Child Care Rates

Group rates apply if the facility:

- Has a Group or Multi-Age Child Care Licence for more than eight children, or
- Is in a location other than a personal residence

| Rate category (per enrolment) | 4 hours or less | More than 4 hours |
|-------------------------------|-----------------|-------------------|
| Under 36 months (3 years)     | \$6.00          | \$12.00           |
| 3 years to Kindergarten       | \$2.74          | \$5.48            |

|                     |        |        |
|---------------------|--------|--------|
| Grade 1 to 12 years | \$1.40 | \$2.80 |
| Preschool           | \$1.37 | \$1.37 |

The below rates apply if the facility:

- Has an In-Home Multi-Age or Multi-Age Child Care Licence for eight or fewer children in the licensee's personal residence. These rates are 20% higher than the Family Child Care rates in recognition of the Early Childhood Educator credential.

| Rate category (per enrolment) | 4 hours or less | More than 4 hours |
|-------------------------------|-----------------|-------------------|
| Under 36 months (3 years)     | \$2.22          | \$4.44            |
| 3 years to Kindergarten       | \$1.69          | \$3.38            |
| Grade 1 to 12 years           | \$0.88          | \$1.75            |

The factors determining group or family rates funding are the number of children and whether the child care is in a personal residence. Other factors, such as renovating the child care space or adding additional staff, do not affect the rate category.
